Spain’s second largest and absolutely most cosmopolitan city and one of the Mediterranean’s busiest ports. Barcelona is the capital city of the self-governing community of Catalonia in the Kingdom of Spain, which is a region of Spain with its own language – Catalan, and its own culture and character.

Barcelona propositions the best of both worlds, situated on the Costa Brava on the Spanish Mediterranean coast, the city gently rises up from the coastline through the city and up into a range of wooded hills. Famous for breaking ground art, avant-garde chefs and architecture; the city eclipses many other for its creativity and forward thinking. Barcelona is a dynamic, open Mediterranean city. It is the perfect city to relax, stroll around and enjoy its unique way of life.
